The Halifax Workers' Action Centre is located on Mi'kma'ki, the ancestral and unceded territory of the Mi'kmaq People.

The Halifax Workers' Action Centre

Do you have a legal problem at work?

Want to learn more about your workplace rights?

What do we do?

The Halifax Workers' Action Centre provides help to workers with labour standards issues, unpaid wages, terminations, workplace discrimination, and more.

We provide free, one-on-one assistance at our employment law information clinics. We also offer presentations for organizations and groups of co-workers on workplace rights, and help workers organize for workplace justice.

About us

The WAC was founded in 2017 by the Halifax-Dartmouth & District Labour Council and Solidarity Halifax.

Our principles

We are rooted in the following organizing principles: maximum possible involvement of the people affected by an issue, developing leadership amongst workers, sharing learning, and taking action for change.

Fight for \$15 and Fairness

The Workers' Action Centre is involved in the Fight for \$15 and Fairness in Halifax. The Fight for 15 and Fairness is a movement across Canada and around the world pushing for a higher minimum wage and stronger workers' rights for all workers.
